LET THE ADVENTURE BEGIN

PADDOCKS

Take it in turns to draw one line between two dots. Once you create a box, write the first letter of your name inside the square and have another turn.

The person with the most boxes is the WINNER!

ANIMAL EXERCISES

Pick three of these exercises each day and have a go at doing them for one minute each! Remember to take a break in between each exercise.

CRAB WALK

Sit down first, and put your hands on the ground behind you. Then, lift your bottom up and crawl to the side on your hands and feet. Go back the other way – try not to fall!

For the littlies, try placing your hands in front of you instead.

FROG JUMPS

Squat down like a frog and jump back up into the air!

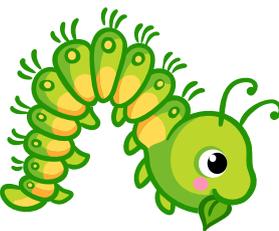

How high can you jump?

STARFISH JUMPS

Stand up tall first. Jump up and down, spreading your arms and legs out to the side as you jump, so you look like a star.

These are sometimes called Jumping Jacks.

CATERPILLAR CRAWLING

Lie down on your tummy. Now try crawling without using your hands.

How far can you crawl?

KOALA WALK

With your hands and feet on the floor, walk forward.

How far can you walk?
